Participate in a Research Study About ATDP Alumni

The Graduate School of Education (GSE) at the University of California, Berkeley in partnership with the Academic Development Talent Program (ATDP) is conducting a research study about the postsecondary pathways and experiences of ATDP participants.

As a former ATDP participant, we invite you to complete the online survey at the following link: <https://www.surveymonkey.com/r/ATDPSURVEY17>. The survey includes questions about your educational and occupational experiences. Questions will also ask you to reflect on your ATDP experience and how it supported your educational and occupational decisions. The survey should take about 10-15 minutes to complete.

Your participation in this study is completely voluntary. Your responses will be handled as confidentially as possible. We encourage you to complete this survey, as your feedback will contribute to our understanding of the postsecondary experience of ATDP participants.

If you have questions about the study, please contact the principal investigator, Dr. Frank C. Worrell (frankc@berkeley.edu).
